

COM1275: Photography-Digital Processing 1

Photoshop Animal Assignment and Marking Rubric

1. Obtain a minimum of three (3) animal .jpg images from the Internet.
2. Using Adobe Photoshop CS4, amalgamate these images to create a "new" original animal.
3. Upon completion, save this completed "new" animal as a .jpg image.
4. Using Microsoft PowerPoint, create a five (5) slide .ppt document that contains the following:
 - a. Title slide (with your name and module course information)
 - b. One slide for each of the three (3) obtained animal images
 - c. One slide with the "new" original animal image
5. Name this document using as follows "LastName FirstName Photoshop Animal."
6. Place your assignment within the appropriate "Drop Assignments" Folder (COM1275 Photography Digital Processing 1 Photoshop) in your class block folder.

Assignment Deadline: April 7, 2011.
