August 29, 2017

Dear Junior/Senior High Parent(s):

**RE: Chromebooks**

In an continued effort to provide students with access to more reliable computing technology, the school is making available a Chromebook for every new student at a discounted price for the 2017/2018 school year.

With your permission and your payment, the school plans to provide Chromebooks at a discounted rate for the 2017/2018 school year and beyond. RF Staples has been running this program since 2015.

Parents/students have three options for the next school year:

- Option 1      Pre-order and pay for a Chromebook by September 15, 2017 for a discounted price of **\$200.00**. The full price is \$260 and the school agrees to cover \$60. With this option, students will have their Chromebook and power cord delivered early October. The Chromebook will be owned by you. This is a limited time offer and comes with a 1 year limited warranty.
- Option 2      Your child can bring their own device for use at school
- Option 3      We will provide a computer in each class on an as needed basis. These can't be removed from the school.

Please contact me at the school if you have any questions or concerns,

Sincerely,

Wayne Rufiange  
Principal
