November 1, 2019

To Whom It May Concern:

The 2019-2020 school year has officially started and R. F. Staples High School has exciting news to share. The graduating class of 1979 is spearheading an exciting project for the school. Moving Mental Health into the 21st Century--Westlock Student Services Modernization Project will see the renovation of two rooms in the school to support the students at R.F.Staples.

We are looking forward to creating spaces that are welcoming for any student who needs a safe, quiet room to calm their body. These rooms will be used to meet multiple objectives, depending on each student's needs. Counsellors and therapists will have offices and meeting spaces attached so they will have access to students and to better meet the diverse needs of the school population.

We are seeking financial sponsorship from community organizations and businesses. The money will be used towards furniture, lighting, quiet areas, and a variety of interactive sensory manipulatives. Please feel free to donate what you feel may be appropriate. Tax receipts are available upon request.

From the 'Class of '79' we have many talented individuals who are designing, sourcing, and fundraising for this project. There are architectural drawings and more information available at www.rfstaples.ca.

Thank you again for your support. If you wish to help sponsor this initiative, cheques can be made out to R.F.Staples School and sent to 10015-104 Street, Westlock, AB T7P 1T8, attention Carol Schlachter. Have a wonderful year.

Sincerely,

W. Rufinage, Principal
R.F.Staples High School
